PRODUCT CHARACTERISTICS & INFORMATION

INHERENT CHARACTERISTICS

Due to the weave and nature of the material, the following are the inherent characteristics and are not considered defects:

- A moiré effect may occur when the sheer fabric bands are aligned.
- The fabric color appearance may vary based on the light conditions in the room, light reflection from interior decor, or the position of the shade (open/closed/partial).
- The front fabric may appear wavy or bow due to the weave and construction of the fabric.
- There may be a hue variation between complementary LF & RD fabric.

FABRIC NOTE

- Static electricity build up on fabrics is a common occurrence in dry environments, especially during colder seasons. To help reduce static on your shades, lightly spray an anti-static product on the fabric or gently wipe the fabric with dryer sheets.

SIDE-BY-SIDE VANE ALIGNMENT

Side-by-side band alignment refers to the alignment of the bands from left to right on 2 or more shades mounted next to each other. Exact alignment cannot be guaranteed. Please adhere to the following to ensure the best material alignment:

- Order shades at the same time and in the identical style, color, height, operating system and application.
- Specify on the order form, under special instructions, that shades need to be aligned.
- Do not use side-by-side for dye-lot consistency.
- To ensure the best material alignment, the combined width of side-by-side shades should equal less than the maximum fabric width.

BAND ALIGNMENT

Band alignment from the front to the back panel can appear different. Fabric and sheer bands are set in fabrication to align front-to-back in the closed position. Due to possible slight variances in band sizes that are within industry standards, bands could appear to not align perfectly from the front to the back panel when in the open position.

SHADE HEIGHT

The finished shade height will always be in the fully lowered, closed position with bands offset. When the solid bands are aligned in the open position, the bottom rail raises up slightly, approximately half the width of the solid band height.

- On an inside mount application, the bottom rail will be slightly above the windowsill.
- On an outside mount application, it will be slightly above the bottom of the window opening.

CARE AND CLEANING

Shades are polyester and treated to help resist dust, dirt and stains.

Dusting - Dust your shades regularly using a feather-like duster, or cylindrical dust brush specially designed for shades.

Compressed air/Hair dryer (cool setting) - Use a can of compressed air or a hand-held hair dryer on the COOL setting to blow off dust and debris.

Ultrasonic cleaning - Professional ultrasonic cleaning can be used.

Vacuuming - Use a hand-held vacuum with low suction for more thorough dust removal.

Note: Banded Shades should not be spot-cleaned

CASSETTES

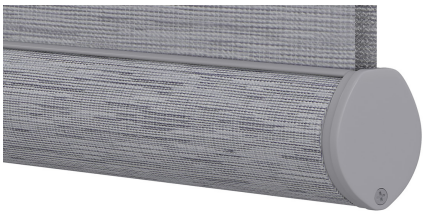

Curved Cassette

- Sizes:
  Medium (3-1/8" height x 3-3/4" depth)
  Large (3-7/8" height x 3-7/8" depth)
- Cassette color pre-selected base on fabric color (see color chart on page 4)
- A matching fabric insert in the headrail is a standard feature
- For the large cassette, a fabric with vanes that are 4" or larger is recommended.

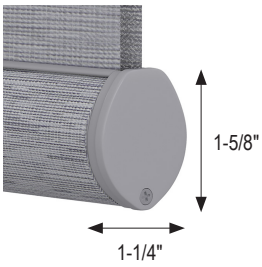

BOTTOM RAIL

- Fabric-wrapped bottom rail is a standard feature
- Bottom rail color pre-selected base on fabric color (see color chart on page 4)

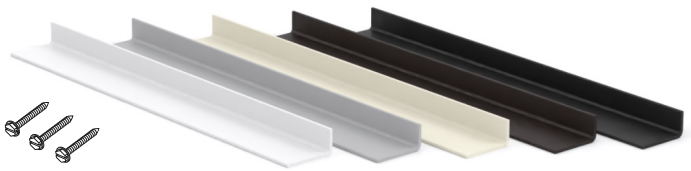

Fabric-Wrapped

PRIVACY SIDE CHANNELS

Side Channels

- Available in 5 colors: white, gray, vanilla, bronze or black (must specify at time of order)
- High quality PVC light block installs in minutes
- Option offers additional privacy and room darkening
- Inside Mount Only
- Available with Cordless, Continuous Chain Loop, InMotion™ Wand and InMotion™ Motorization operating Systems

PERFECTPLACEMENT™ CORDLESS OPERATION

- Effortless positioning of the shade by simply raising & lowering the shade to the desired position.
- Two handles are sent with every PerfectPlacement™ Cordless shade and should be installed onto the bottom rail once the shade has been installed.
- Optional extension pole is available to use when shades are hard to reach.

CONTINUOUS CHAIN LOOP SYSTEM

- Standard operating system for Banded Shades.
- Features a continuous bead chain loop with tensioner

Plastic Bead Chain

- Plastic Bead Chain is available in the following colors. Color pre-selected base on fabric color (see color chart on page 4)

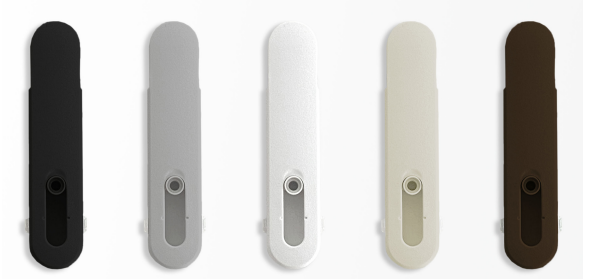

– White
– Vanilla
– Gray
– Bronze
– Black

Plastic Bead Chain Loop Lengths

SHADE HEIGHT	CHAIN LOOP DROP
**24" - 31⅞"	2/3 of shade height
32" - 37⅞"	24" plastic chain loop
38" - 43⅞"	30" plastic chain loop
44" - 52⅞"	36" plastic chain loop
53" - 61⅞"	42" plastic chain loop
62" - 70⅞"	48" plastic chain loop
71" - 79⅞"	54" plastic chain loop
80" - 88⅞"	60" plastic chain loop
89" - 96⅞"	66" plastic chain loop
97" - 105⅞"	72" plastic chain loop
106" - 120"	84" plastic chain loop

** Shades shorter than 32" requires metal chain.

Tensioner will color coordinate with the top treatment color

Black Gray White Vanilla Bronze

Motorization Overview

LEVOLOR® INMOTION™

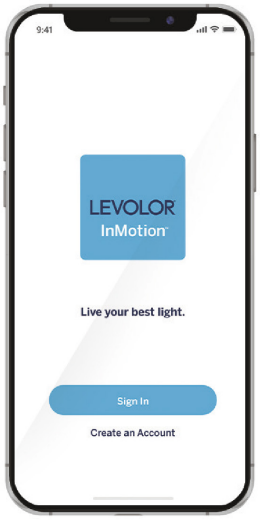

Experience motorization like never before with smart home integration and automated scheduling.
Take full control of your shades using voice command, the intuitive app, or remote.

Standard Remote
Requires 2 x AAA batteries, included.

Hub
Requires 5V 2A adapter, included.
Connect up to 30 shades per hub.

App
Phone sold separately

App Requirements:
- LEVOLOR Hub
- 2.4 GHz Wi-Fi Network
- Apple® iOS10.0 or newer
- Android™4 .1 or newer

Works With:
- Amazon Alexa
- Google Home
- IFTT
- Samsung SmartThings
- Siri

- Upgrade to motorization to control shades with remote or app.
- Powered by an integrated, rechargable lithium-ion battery.
- Recharge with included magnetic micro-USB charger.
- Control shades with the 15-channel remote (sold separately).
- Add the hub (sold separately) to sync with your Wi-Fi to enable app control and smart home integration.
- Organize shades by room.
- See real-time shade position and battery charge status.
- Store preset shade positions as scenes.
- Create routines by scheduling scenes by day of week and time of day, even proximity to sunrise or sunset.
- Adjust shades when you are away from home.
- App available to download for iOS and Android devices.

Visit LEVOLOR.com/InMotion for additional information.

NOTE: LEVOLOR® InMotion™ is not compatible with products from the previous LEVOLOR® motorization program.
This includes blinds/shades that are controlled with the previous LEVOLOR app, 3-channel remote, and 6-channel remote.

For additional information visit LEVOLOR.com

InMotion™ Accessories Overview

LEVOLOR® INMOTION™ WALL SWITCH

The InMotion™ Wall Remote lets you achieve effortless light control with the touch of a button, mounted to a wall to avoid misplacement. A great solution for hard to reach windows or in grand rooms with various automated solutions.

- Integrates with the LEVOLOR InMotion™ App or simply works by itself
- Operates an unlimited number of LEVOLOR motorized window coverings
- Features a clean, modern design with easy to use controls
- Activate group control and favorite position with a touch of a button
- Control up to 15-channels from one remote
- Hide unused channels for faster channel selection and scrolling
- Locking feature to prevent accidental programming changes
- No need to cut in to wall with the wireless design
- Dimensions: 3.4" L x 3.4" W x 0.7" D

LEVOLOR® INMOTION™ SOLAR PANEL

Harness the power of solar energy to power your motorized blinds and shades, ensuring reliable and efficient performance. A great choice for hard to reach windows.

- One Solar Panel per shade or blind is needed
- Easy to install and the low profile design is easy to conceal
- Provides a continuous charge to internal rechargeable batteries
- Syncs with the LEVOLOR InMotion™ App to show battery level
- Not recommended on north facing windows
- Micro USB charging cable, 59" long (included)
- Can be added to any existing InMotion™ blind or shade
- Dimensions: 18.7" L x 2" W x .30" D

OVERVIEW INMOTION™ WAND

OPTIONS:

Wand colors: White, Vanilla, Gray, Bronze, Black. (Preselected based on fabric color)
Wand lengths: 1 ft (12"), 2 ft (24"), 3 ft (36"), 4 ft (48"), 5 ft (60), 6 ft (72”)
Can be ordered for right or left side placement
One plug-in charger is required for each order
